HERNANDO, November 5.—In Desoto day, and there was no contention by either party until this morning, when it was found that two boxes were missing and others thought to have been tampered with. One box was burned, the other found. The judge of the burned box made affidavit as to the votes cast, they having been counted before, which was accepted. J. P. Walker, Democrat, and W. T. Nesbitt, Greenbacker, were elected senators. H. C. Watson, A. W. Huddleston and A. S. Myers, Democrats, were elected to the lower house. The parties were nearly equally divided. The general impression now is that the Greenbackers will contest the election, claiming foul play.

OXFORD. Oxford, Novembers,-The entire Demi cratic ticket is elected in this county by 452 tlemen acted as pall-bearers; Major-General Hancock, Generals Newton, Casey, Butter-field, Doubleday, Mott, Graham, Sharpe, Crawford and Kieder; Vice-Admiral Rowan, Rear-Admiral Trenchard, J. VICKSBURG, November 5 .- The returns from Warren county are not all in yet. R. F. Beck is certainly elected sheriff. The State senator is still in doubt. Indications point to the election of J. S. Morris. There were no party nominations by either side. The race was free to all.

ALBANY. ALBANY, November 5. - The Evening Journal, Republican, says the State is in doubt. There will be twenty-five Republicans n the senate and forty in the house. BROOKLYN.

BROOKLYN, November 5.—The vote for Robinson is 44,414; Cornell, 31,509. The atest returns this afternoon do not change the earlier announcement that Cornell is elected and the rest of the Republican State ticket defeated. Robinson has a plurality of bushels wheat, 335,000 barrels flour, 500,000 24,660 in this city and Kings county, while sacks each of oil-cake and cetton-seed. The meat trade with South America and Mexico over Hoskins. It is not at all probable that over Hoskins. It is not at all probable that the Republicans outside of New York and Kings counties can overcome the Democratic majority for that part of the ticket in regard NEW YORK CITY.

NEW YORK, November 5.—The returns men elected last year." now at hand indicate that of the thirty-two senators chosen the Republicans elected twenty-four. In other words, the Republicons have to start with a majority of sixteen votes in the choice of United States senator by the next legislature. The Commercial Advertiser (Rep ) appre hends that the Republican State ticket below governor is defeated in part, if not wholly. The Evening Post says: "Unless later resuits change the situation, it now seems both branches of the legislature and have elected Cornell governor, while the Demoelected Cornell governor, while the Democrats have secured the other State offices.

nanagers said that they had received some scattering dispatches, but could give no fig-ures or estimates. The headquarters of other organizations are most sanguine.

The Express (Tammany) says the returns thus far indicate the defeat of Robinson by at least 30,000, and the election of the rest of the Democratic State ticket by a small

The Times says: "Cornell carried 46 out 60 counties in his State, and his vote will exceed Governor Robinson's by from 40,000 to ceed Governor Robinson's by from 40,000 to 45,000. Kelly's vote seems to have been somewhat larger in the State than was at first supposed; but, as it has not been reported by all counties, it is difficult to say what the total will be. It is probable, however, that it will not fall much short of 70,000, including New York and Kings counties. The legislature is strongly marked. The next senate will consist of 24 Republicans and 8 Democrats, with the eighth discans and 8 Democrats, with the eighth dis trict doubtful, the election being claimed by both the Republican and Democratic candi-dates. In the assembly there will be 92 Republicans and 36 Democrats, giving a Re-publican majority of 54, and securing a Republican majority of 72 on joint ballot."
The World says: "The returns from Tues-

day's election in this State still come in very slowly. Such as have been received show the election of Mr. Cornell, Republican, as governor by an as yet unascertained plurality. There is a majority against him on the vote cast in the State of at least 3000. Clarkson N. Potter, the Democratic candidate for son N. Potter, the Democratic candidate for lieutenant-governor, received in this city 62,792 majority, the largest ever given, except once before, for a candidate on the State ticket. With the rest of the Democratic State ticket Mr. Potter is elected. The Republicans yesterday set up a claim to the election of some of the candidates on their ticket, under the pretence that Kelly had been employed by them to break down some of the other candidates, as well as Governor Robinson. The Republicans have, doubtless, secured a twothirds majority in both branches of the

legislature, though three or four dis-tricts are still in doubt. The Democrats have elected their senator in Conkling's own county, and it is noteworthy that there, as well as in St. Lawrence and Jefferson coun-ties, both of them strongholds of the Repubicans, the Democrats made a decided gain this year on their last votes for governor The whole vote thrown for Kelly throughout the State will not exceed 60,000." The Tribune says: "Cornell's plurality seems slightly increased, and it is now estimated at more than 36,000. The vote on lieutenant-governor is very close between Potter and Hoskins, and the official vote may be needed to decide. Potter's majority in New York city and Kings county is 57,362, and Hoskins's plurality in the State outside of New York city and Kings county is estimated at 57,000, only about seventy three of the whole number towns have been heard from, however. The

returns upon the other candidates are inclusive, but seem to show that Wadsworth is running ahead of Hoskins. The result upon all the State officers below governor is still in the dark. Soule, the Republican candibehind. The legislature is everwhelmingly Republican. The Republicans elect twenty-tour senators out of thirty-two, and ninety-two assemblymen out of one hundred and twenty-eight—within six of the almost unprecedented number of Republican assemblymen elected last year."
